NO INTERNET ACCESS? Here are your options:

1. Arrange to visit your school to register on one of their computers.
2. Visit your local library and register on one of their online computers (free).
3. Call us at 902-435-8464 x2.

We also require a signed **Media Release Form** to complete your registration. This form will be provided by us and is separate from your school’s media form. It can also be found on our website under “How Do I Join.”

You may notice there is a small registration fee. Given our late start, we will be waiving the fee this school year. ☺

Once you are registered we will be able to notify you of the schedule, start date, and all other pertinent information.
